

Duct Grille Spiral Damper DGS-D

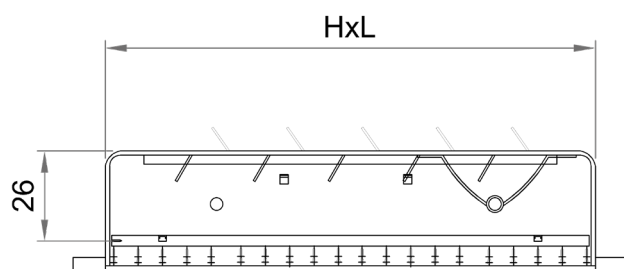

Specifications

- Item code: DGS-D
- Material galvanized steel
- Free passage approximately 70%
- Available sizes in mm: 225x75, 325x75, 425x75, 525x75, 625x75, 825x75, 425x125, 525x125, 625x125, 25x125, 1025x125, 825x225

Description

The spiral pipe duct grill damper is a high-quality solution for air supply in spiral pipes with a diameter of 160 mm to 400 mm. This grille damper is made of galvanized steel and has adjustable vertical and horizontal louvers. With a free passage of approximately 70% and pre-drilled holes, this duct grille damper is easy to install and optimal in use.
